

**Mgr. Gabriela Doktorová, PhD.** – has worked as an assistant professor at the Nursing Department since 2015. The starting point for professional focus is nurse practice in anesthesiology and intensive care. In the publication she deals with nursing in anesthesiology and intensive care. Within the pedagogical activity she is engaged in nursing techniques, nursing in intensive care, first aid and resuscitation. In clinical practice she works in the departments of surgical departments. She is co-author of the scientific monograph "Adapting Measurement Tools in Nursing". She acts as a first aid instructor organized by the Slovak Red Cross, cooperates in organizing the competition "Young Rescuer" and mobile blood withdrawals under the auspices of the SRC. As a volunteer, she takes part in "Life-saving days".

Born: 1972

Ph.D.: 2015
